

Travel Information:

International:

The main airport in Gothenburg is Gothenburg Landvetter Airport: <http://www.lfv.se/sv/> and is serviced by major airlines carrier (e.g. Lufthansa, Air France, KLM, SAS). There are no direct flights to Gothenburg so you will have to change for example either in London, Paris, Amsterdam, Frankfurt or Copenhagen. Alternatively you could also arrive at Oslo International Airport, and then take a bus to Strömstad.

From EU:

For travelling within the EU some discounted airlines carrier fly to Gothenburg City Airport: <http://www.goteborgcityairport.se/> this location is serviced for example by Ryanair, and AirBerlin. Alternatively you can also arrive in Oslo and travel by bus or ferry to Strömstad.

Bus Services:

From both airports in Gothenburg you will have to travel using the airport bus first to Gothenburg Central Station/Bus Terminal and then either by train or bus to Strömstad the city closer to the Meeting venue; detailed information about this part of your travel can be found using the provided links as follows:

Gothenburg (Göteborg) Landvetter airport bus services:
